

Wanna play Christmas Lights Bingo?

RULE 1: no BINGO until the car is STOPPED in a safe location, in PARK, and the interior lights are ON;

RULE 2: once the car lights are off and the car is moving, no BINGO until the next stop (*very difficult to do when travelling from spot to spot and you see that elusive item*);

RULE 3: Everyone helps younger participants with reading and spotting;

RULE 4: Someone needs to buy the driver a coffee or hot chocolate after the first round;

RULE 5: have FUN!

Materials Required:

- A bingo card for each participant (multiply by number of cards per round and number of rounds that you want to do in an evening);
- Bingo dauber or marker for checking off the items;
- Flat surface (clip board works best)
- A full tank of fuel for the car
- Christmas spirit!

TIPS:

We used the Realtor's Board maps:

<http://www.cadreb.com/news-statistics/2016-christmas-light-tour>

With kids, we printed out 2 cards per round to increase the chance of winning; however, the 1 card option means bigger letters, so easier to read.

We managed 3 rounds in 3 hours (seriously, it goes FAST!) with prizes from the dollar store for each round's winner: Christmas socks, ornaments, patterned duct tape, giant candy canes, battery lights...you get the picture!

We recommend a supply of candy canes and Christmas songs to add to the ambience.
